TERMS OF SALE FOR PIANO - FARNBOROUGH STATE SCHOOL

LAST CHANCE

The property is being offered for sale by public tender, closing 3.00pm on Friday 22nd August 2014 (please note changed closing date).

All Tenders are to be lodged in writing, in an envelope clearly marked: “Confidential – Tender offer for Piano” and submitted to the school either in person or by mail to: Farnborough State School 8 Hinz Avenue Farnborough 4703

The piano is sold on an as is where is basis and the sale includes the removal at the successful tenderer’s expense.

To comply with the conditions of the tender, interested parties must execute and deliver tender documents:

Please note:

• Tenders need to include the price offered and specify the date by which removal will occur
• A tender, once submitted, is irrevocable and will remain open for acceptance by the vendor until the Acceptance Date, being fourteen (14) days after the closing date of Tenders.
• Department of Education and Training reserve the right not to accept a tender
• Tenderers must disclose any links with departmental employees in their submission
• Terms of sale require 100% of the purchase price be paid upon acceptance by way of cheque or money transfer.
• No warranties are implied or given.

For additional information or an inspection of the property, please contact staff at the school office.

Dear Parents, Students & Staff

Yesterday we saw the release of preliminary NAPLAN results, and there was reason to celebrate as we realised that we have improved our results from last year to once again receive our best report since the start of National testing.

Individual student reports will be sent home as they are received at school. In overall school results however, this year for the first time, our Year 3 and 5 students achieved results similar to students nationally in all areas and our Year 7 students achieved results similar to the students nationally in 13 of the 15 areas measured, above in 1 area and below in 1 area. This shows an improvement across all year levels in our students’ average scores, a greater number of students in the upper two bands of achievement and more students above the National Minimum Standard.

Of course NAPLAN results are just one of the measures that we use to chart our progress as a school and your children’s progress as learners, but are indicative of the success of the school wide programs we have introduced, the hard work of our teachers, the calibre of our students and the support of our parents. These results are also in part due to the high standards of behaviour maintained within the school. Our Discipline Audit was held last week and the report from this Audit states that we are operating at a “High” level in most areas of management of behaviour and even have a number of indicators at the “Outstanding” level. This indicates that the processes we have in place at Farnborough State School positively encourage the development of a culture that promotes learning.

Congratulations Tahlia who is off to Mackay to compete in the 1500m, after coming 4th in the Greater Rockhampton District competition.
